FUND III — TOTAL			\$196.2M	EV-WEIGHTED 9.2×

Illustrative — not a real fund. Hadrian Capital Partners, Fund III and its seven portfolio companies are synthetic, created for the Working Capital Agent pilot; the figures do not represent any real fund or company. Invested capital is the fund's equity investment (entry enterprise value less net debt, at the fund's ownership stake). Entry multiple is EV / EBITDA at acquisition; the fund total is EV-weighted. Prepared May 2026.
